Although unlearned and barely literate, Heber Chase Kimball (1801-68) enjoyed a highly developed sense of history and of the importance of the Church of Jesus Christ of Latter-day Saints. To that end he dutifully kept a number of diaries. In some instances they are the best, and occasionally the only, contemporary account of the events they chronicle. While his penmanship, spelling, and grammar were distinctly minimal and idiosyncratic, Kimball possessed an exceptional memory. And he was, in his own right, an important figure in early Mormon history—one of the original twelve apostles, an intimate confidant of both Joseph Smith and Brigham Young, and the first LDS missionary to England. He was, as one New York writer termed him in 1863, five years before his death, the quintessential “Mormon.”

The standard secondary sources on Heber C. Kimball are my *Heber C. Kimball: Mormon Patriarch and Pioneer* (Urbana: University of
INTRODUCTION

No other LDS leader since has exceeded Kimball's devotion to Mormonism. "I wish to be in the hands of God," he explained to his wife Vilate, "as the clay in the hands of the potter." For more than thirty-six years, in ten states, and in England, he faithfully served his religion and strove to build both the spiritual and material Kingdom of God. From his conversion to Mormonism in 1832 until his death in 1868 he was in the forefront of the excitement, drama, and turbulence of Latter-day Saint history. He was tenaciously optimistic, even during the most trying of times, and placed considerable importance on dreams, frequently interpreting his own. Without his writings, any understanding of early Mormonism would be incomplete. Although parts of his holographic diaries—that is, those in his own hand—have been published be-

Many articles on Kimball can be found in older LDS publications such as the Improvement Era, the Utah Genealogical and Historical Magazine, and the Contributor. In addition, Davis Bitton read a paper, "Heber C. Kimball's Authoritarian Imagery," at the 1974 Conference on the Language of the Mormons, and James F. O'Connor wrote a 1978 thesis at Brigham Young University, Provo, Utah, on "An Analysis of the Speaking Style of Heber C. Kimball." There is also an amateur readers' theater musical entitled "Heber C!"

Introduction

fore, the originals have never been made available to readers in full—until now.

Heber C. Kimball produced four diaries between 1837 and 1847 in common blank books, measuring 4 by 6.5 inches each. They are currently housed in the archives of the Historical Department, Church of Jesus Christ of Latter-day Saints, Salt Lake City, Utah, where they were deposited by the Kimball family for safe keeping in 1903. But of the 577 total pages in these four books, only 357 pages (or 61 percent) are in Kimball's own hand.³

Evidently, he did not enjoy writing and used scribes—such as Peter O. Hansen, an adopted son, and William Clayton, a church clerk—when possible. Those entries in Kimball's hand cover only the years from 1837 to 1845. Hansen is responsible for recording the 1846 trek across Iowa, and Clayton for the 1847 journey to the Rocky Mountain great basin.⁴

The four holographic diaries, arranged chronologically and included in toto in the present compilation, are:

1. Diary one: 4 June 1837 to 23 February 1838;
2. Diary two, part one: 20 December 1840 to 11 March 1841;
3. Diary two, part two: 10 June to 19 October 1843;
4. Diary three: 15 May 1844 to 27 May 1845;
5. Diary two, part three: 28 May to 20 November 1845; and
6. Diary four: 21 November to 9 December 1845.

Also among Kimball's papers at LDS church archives is a small record known as the "H. C. Kimball Memoran-

³These figures do not include the 351 pages of information relating to the Nauvoo Temple written by William Clayton in Kimball's fourth diary. See the discussion of this diary that follows.

dum” book. It contains fourteen holographic memoranda dating from 1852 through 1864. These miscellaneous notes are presented chronologically in appendix A.

Edited (including summarized) versions of almost all of the above diaries have appeared in print, beginning as early as the 1840s. Related to Kimball’s diaries of his two missions to England in 1837 and 1840 is The Journal of Heber C. Kimball, a sixty-page pamphlet published in Nauvoo, Illinois, in 1840. Kimball dictated this “journal” from memory to Robert B. Thompson, a Nauvoo printer. As Kimball did not have his original diaries with him at the time, this publication is more of a memoir than a diary in the strict sense of the term. It was the first book to come off the Mormon press in Nauvoo and marked the beginning of what would come to be called “faith promoting literature.” (Thompson was probably interested in the subject since he was related to one of the original English missionaries.) Most of the Journal was later reprinted in Salt Lake City in 1882 as President Heber C. Kimball’s Journal and was reissued in 1976 by Mormon Heritage Publishers (Salt Lake City, Utah).

An expanded manuscript version of this Journal also exists. During the 1850s in Utah, probably in preparation for the “Synopsis of the History of Heber C. Kimball,” printed in 1858 (see discussion below), Kimball dictated an 84-page manuscript (catalogued at LDS church archives as “Heber C. Kimball Autobiography, 1838-48”). At the beginning of this document, Kimball included a copy of the 1840 pamphlet and explained,

I will here insert a copy of a pamphlet published by Robert B. Thompson while I was on my second mission to England: he and I previously went on a high hill in the woods, near the city of Quincy, Illinois, where we sat down when I
Introduction

gave him a short sketch of my first mission to England, from memory, not having my journal with me, as I had been recently driven from Missouri: I then omitted many dates which I now fill up, and also make many corrections and additions.

While only a part of this document appeared in the published “Synopsis,” it formed the basis of Orson F. Whitney’s 1888 biography, Life of Heber C. Kimball, printed in Salt Lake City.

Also catalogued among the Kimball papers at LDS church archives is a “Heber C. Kimball Autobiography, 1801–46,” which Kimball dictated to various clerks. Again, while only part of this was included in the Synopsis, much of its contents later appeared in the Whitney biography.

The Synopsis itself is a five-part biography which was serialized first in the Deseret News, 31 March to 28 April 1858. It later appeared in the Latter-day Saints’ Millennial Star, 16 July to 12 November 1864, published in England.

Many of the entries from Kimball’s diaries were also incorporated into the “History of Joseph Smith,” the so-called Documentary History of the Church, which was first published in the 1840s and 1850s and later reissued in the early twentieth century as History of the Church of Jesus Christ of Latter-day Saints.

The last of the four Kimball holographic diaries, covering the period from 21 November 1845 to 7 January

5 This is a miscellanea consisting of a variety of entries dictated and copied from various sources. Among its different headings and contents are “The Journal and Record of Heber Chase Kimball, an Apostle of Jesus Christ of Latter Day Saints,” “History of Heber C. Kimball,” “Journal of President Heber C. Kimball’s division of Latter Day Saints Emigrants . . . 1848,” an 1843 “Discourse,” and numerous “Blessings.”
1846, is really two completely different records. Through 9 December 1845, Kimball used it as a personal diary which he kept in his own hand. Thereafter to the end of the volume, 7 January 1846, William Clayton used this book to record information relating to the Nauvoo Temple. Thus, the latter section should more properly be classified as a William Clayton diary or, perhaps, as a kind of Nauvoo Temple record. In any event, it is not a Kimball diary and is not reproduced here. (Clayton's entire record was published verbatim in 1982 by the Modern Microfilm Company, Salt Lake City.)

Besides the above diaries and dictations, there is also an “Elder Kimball's Journal,” which was published in the *Times and Seasons*, from 15 January to 15 April 1845, in Nauvoo. This account covers the period 17 February through 26 July 1834 and is essentially a record of the march of Zion's Camp—a company of Ohio Mormons who hoped to come to the relief of the Saints in Missouri where they had been persecuted. Added to this is a record of Kimball's calling as a member of the Quorum of Twelve Apostles on 18 February 1835 and his departure on a mission to the east three months later on 4 May. The original, if there was one, has not survived, although this account may also have been dictated or reconstructed from notes. It appears in the present compilation as appendix B.

Additionally, there is the “Pioneer Journal of Heber C. Kimball,” covering the period 5 April to 25 June 1847. This “journal,” however, is entirely in the hand of William Clayton, at Kimball's request, and is very similar to the printed version of Clayton's own famous diary published in 1921. This “Pioneer Journal” was serialized in the *Utah Genealogical and Historical Magazine*, volume 30, numbers 1 to 4, and volume 31, number 1, from January
1939 to January 1940. Because it is not in Kimball's hand, and seems to reflect Clayton's mind more than Kimball's, it is not included in the present compilation.

There is some evidence that there might be still another unknown Kimball diary, one covering his experiences in Missouri. In the *Times and Seasons* for 15 July 1841, there appears an "Extract from the Journal of Heber C. Kimball: Battle of Crooked River—Death of D. W. Patten." Whatever the source of this extract, the original seems to have disappeared. This printed account is reproduced in appendix C. Finally, there is also a "History of the British Mission" in the *History of the Church of Jesus Christ of Latter-day Saints* (vol. 4, pp. 313–21, under the date of 23 March 1841). This account, signed by Heber C. Kimball, Orson Hyde, and Willard Richards, was evidently written by William Clayton, under Kimball's direction.6

Most of the above publications duplicate or approximate some of Kimball's original diaries, and Orson Whitney's biography draws heavily from them. Why then publish the originals? Because they are the original, first-hand, on-the-spot jottings of the man who has been edited and quoted ever since. These four holographs, as well as the Memorandum Book and the Zion's Camp and Crooked River accounts, reveal the man who wrote them far better than any publication based on them, and the careful reader will discover many facts and incidents in the life of Heber C. Kimball that, for whatever reason, never survived the later revisions.

When the last of the four holographs ends on 9 December 1845, church leaders were finalizing their plans to leave Nauvoo, the temple was nearing completion, and

Kimball had sixteen wives and at least eight living children. By the time of the exodus, some three months later, Kimball’s family was expanded to include at least thirty-eight wives (four of whom were pregnant), seven small children, and two married children. Kimball was also responsible for several foster children borne to women he had not yet married, and had seven adopted sons, some of whom had families of their own.

References to plural wives are rare in the Nauvoo period of Mormon history. Unfortunately, one does not learn much from Kimball in this respect, either. Still, Kimball does refer, at least in passing, to nine of his plural wives: Abigail Buchannan, Mary Fielding Smith, Margaret McMinn, Vilate Murray, Sarah Peak, Mary Ann Shefflin, Ruth Wellington, Sarah Ann Whitney, and Nancy Maria Winchester. In addition, there are oblique allusions to seven other wives, usually couched in references to the woman’s father or family. These include Clarissa Cutler, Emily Cutler, Amanda Gheen, Ann Alice Gheen, Dorothy Moon, Hannah Moon, and Mary Smithies.

Kimball’s diaries covering the years 1843 to 1846 have been edited, excerpted, reprinted, and quoted less often than his early missionary diaries and later pioneer journals. This is unfortunate because they add considerably to our understanding of this era of Mormon history, especially the period spanning the death of Joseph Smith on 27 June 1844 to the exodus west in February 1846.

Kimball seems not to have had other readers in mind while keeping his diaries. Although he improves somewhat as a diarist, the early accounts pay little or no attention to dates, continuity, paragraphing, spelling, punctuation, grammar, or readability. At times, his narrative seems almost to be stream-of-consciousness—impressions
that are full of asides to his God and to his first wife, Vilate, an aide memoire, and often recorded after the fact. The early diaries clearly represent Kimball's somewhat reluctant attempt to follow Joseph Smith's admonition to record history. While he seems to have disliked doing it, he nonetheless preserved much of what he experienced. We are to be grateful that he did.

In preparing the manuscripts that follow for publication, I worked from original holographs, microfilm and photographic copies, and from various typescripts. Unfortunately, some entries are in such light pencil that they are extremely difficult to read, even in the original. Thus, although I have tried to transcribe the originals as accurately as possible, I must alert the reader that some possible misreadings of the original may appear.

Normally in scholarly editing of this kind, the editor leaves the text alone, except for beginning all sentences with capitals, ending all sentences with periods, capitalizing all proper nouns, correcting obvious oversights, and adding bracketed material or notes for clarification. Editing Heber C. Kimball required much more. The editorial approach I have adopted derives much from Scott H. Faulring's excellent model used in preparing the Joseph Smith diaries and journals, An American Prophet's Record (Signature Books in association with Smith Research Associates, 1987).

1. Spelling. All original spelling has been preserved. When necessary, however, I have supplied bracketed information to make the meaning clearer.

2. Paragraphing. In many instances, especially in the first diary where there is no paragraphing at all, two or more paragraphs have been created out of one when the change of subject matter indicates that a new paragraph is called for.
3. *Punctuation.* Most of Kimball's holographic material is poorly, if at all, punctuated. Therefore, I have supplied some punctuation for increased readability and intelligibility. In a few instances where context seems to justify it, quotation marks have been silently introduced. When the end of a sentence is uncertain or ambiguous, punctuation is not added and the material is left intact. All semi-colons are left as they appear in the original.

4. *Capitalization.* All original capitalization has been preserved, and proper nouns have all been capitalized.

5. *Omissions and Abbreviations.* The inadvertant omission of words or letters is supplied in brackets when necessary for clarity. Some abbreviations have been expanded with additions in brackets, such as Elder H[yde]. Common abbreviation, such as Dr., are unchanged.

6. *Cancelled and Indistinguishable Material, Insertions, and Repeated Words.* Cancelled matter, either line-outs or erasures, has been disregarded, since none of it is of stylistic, psychological, or historical value. Conjectural readings of missing or unintelligible words or letters are enclosed in brackets with a question mark. Interlinear insertions are enclosed in right-angled slashes (/). Words that were unintentionally repeated in the original manuscript are silently deleted.

7. *Handwriting Identification.* Some of Kimball's 1846-48 journals were kept entirely by others. They are mentioned, but not reproduced in this compilation, which focuses exclusively on Kimball's holographs. In Kimball's holographic diaries, some information appears in other hands as well. Where this material is extensive, it is abridged. However, short sections, are left *in situ,* usually set off by back slashes, as in the following example: \\*[this material is not in Kimball's hand]*\"
8. **Annotation.** I have tried to keep annotation to a minimum in deference to the growing tendency to display neither pedantry nor to expend undue time on insignificant events or obscure persons. Annotation, where it appears, will be found primarily in the footnotes. I have also supplied a chronology of important events in the life of Heber C. Kimball, as well as three maps and an index.

9. **Names and Places.** Most names and places in the originals are misspelled, sometimes in a variety of ways. Where possible or necessary, I have spelled out the names and places correctly in brackets the first time they appear. Where appropriate, I have supplied additional information about individuals and places in the footnotes. Kimball often refers to persons only by their initials. Where it may be unclear who the person is, I have tried to identify him or her.

10. **Other Considerations.** A few words, such as the names of ships, have been silently italicized. Miscellaneous jottings on fly-leaves, otherwise blank pages, and end papers are not reproduced.

Part of the joy of editing and reading Heber C. Kimball is his utterly idiosyncratic “style.” Someone once said, “It’s a pretty boring person who can spell a word only one way!” I have left much of Kimball’s quaintness intact, but have elsewhere proffered in brackets what I believe he had in mind when recording some of the more difficult entries. (An actor, using Kimball’s diaries, might recreate his speech patterns and pronunciation simply by studying his more-or-less phonetic spelling.) In addition, the dates covered by the following diaries are often episodic. Therefore, I have added introductory material to each diary or to parts of each diary. Likewise, I have supplied brief abridging information to tie the different dia-
ries into something that more properly resembles a comprehen­

sive whole.

I would like to acknowledge the assistance of the Historical Department, Church of Jesus Christ of Latter-day Saints, in making the Kimball manuscripts available to me, as well as the encouragement of Gary J. Bergera and his suggestions in addressing the problems presented in publishing these diaries. The Heber C. Kimball Family Association has been supportive, and I must also thank my excellent typist, Ruth Anne Gevers, for seeing the entire manuscript through the computer, an intimidating experience for me. Finally, this edition of Heber C. Kimball’s personal diaries is not an official publication of either the LDS church or the Kimball Family Association, and I alone am responsible for the presentation of what follows.

1 Kimball married up to twenty-five women during January-February 1846 because this would be the last time marriages could be solemnized in the Nauvoo Temple, and he felt some responsibility to protect these women during the exodus to the Far West, since some of them were concerned about the prospect of going into an unknown territory without a husband. The unusual and pragmatic nature of many of these marriages goes far in explaining why ten wives left him and six are unaccounted for after the move west, and why he had children by only seventeen. For a detailed account of his family life, see my *Heber C. Kimball: Mormon Patriarch and Pioneer*, 2nd ed. (Urbana: University of Illinois Press, 1986).

The DOCUMENTS
By mid-June 1837, Heber C. Kimball had already served the Mormon church as an apostle for two years and had demonstrated faith and integrity as a missionary in Vermont, New Hampshire, Massachusetts, and New York. At this time the church in Kirtland, Ohio, where Kimball and his family were living, was suffering from various forms of dissent. The Kirtland Safety Society (Bank) had failed, and many Mormons, including five of Kimball's colleagues in the Quorum of Twelve Apostles, had publicly condemned Joseph Smith as a false prophet. The strength of the six-year-old church was at a nadir—it was facing dissolution. For Smith, the solution was to send Kimball and others to open a mission in Preston, England, where they would not have to confront such opposition and, equally important, where Joseph Fielding, an English-born convert, had received an invitation to return and lecture on Mormonism. It is with Kimball's

1The dates in this first diary, often added or changed by different hands, cannot be trusted. I have omitted all material not in Kimball's own hand. All paragraphing has been supplied as there is none in the original. Also in this first diary are seven drawings by Peter O. Hansen (ca. 1846-47), six of which are published in my Heber C. Kimball: Mormon Patriarch and Pioneer (Urbana: University of Illinois Press, 1981). Scattered throughout this record book are also many jottings by Hansen consisting of brief, candid comments about members of Kimball's family recorded while crossing Iowa in 1846. They are written in English, but in nineteenth-century Danish penmanship, and are difficult to read. They are not presented in what follows.

2Sidney Rigdon (1793-1876) was first counselor to Joseph Smith in the church's governing First Presidency.

3Orson Hyde (1805-76) had been a Mormon apostle since 1835.

4Hyrum Smith (1800-44) was Joseph Smith's older brother and second counselor in the First Presidency.

5Willard Richards (1804-54) was a Mormon convert of six months who became an apostle in 1840.

6Joseph Fielding (1797-1864), a native of Bedfordshire, England, had immigrated to Canada in 1832. His brother James, a minister in
[John Snider, a Canadian convert].

The 2 [2nd] day we got together and I was mouth and we asked the Lord to carry us safely o'er the great waters and to give us fare winds, and caus our journey to be spedy and to open the way before us, when we should arrive on the shores [shores] of Europe.

We started the 13 day of June and bid fare well to our families wives and children and Brethren and twice [took] /our/ life in our hands and went forth; I could say I had left all for Christ and for the gospel; and I desire to [k]now nothing but Jesus and Him Crucified, for my trust is in The[e], O God, for Thou are ever mindful of me. For thou herest my prayers [prayers] when I call on The[e] for Thou art the same God to day and for Ever and Thou changes not.

[Kimball includes at this point the following copy of his Elder's, or preaching, license:]

Kimball, the Barer of this [license] was unanimously appointed, set a part, and Ordained to go at the head of this mission to England to pro-claim the Gospel of Jesus Christ to the people of that nation; as it is believed and practised by us from the Long acquaintanc which we have had with this our worthy Brother, his integrity and Zeal in the Caus of truth we dow most cherfully

[nineteenth] we reach the Land of Europe in safety. We had a pleasant voyage and as could be expected, we had some storms and broke some of the rigging; the Lord upheld our prayer and carried us safe across. Elder Orson Hyde preached once on board of the ship and conversed much in private; there was a family belonging to the Church of England that had a sick infant child that was very sick so that they had given it up to die, the spirit came on me and I went and laid my hands on it and rebuked the fever in the name of Christ and told them if they would believe on the Lord the child should get well, when I left the ship the child was well.

We landed in Liverpool on the 19 of June [July] about 12 o'clock in the afternoon. We stade in Liverpool [on Union Street] fore days. We could not get our trunks from the Custom house officers, before for they had much business to tend to before our turn come; we hired our lodgings and boarded our selves. We remain in prayer and council most of the time.

Sartady [Saturday] the 22 we started for Preston9 in coach. We got there [at] fore [4:00] in the after nowon. Our things was taking off of the coach. Brother Godson was hunting a boarding house. Elder Hide and brother

9The borough of Preston, located on the Ribble River about thirty miles north of Liverpool, was a grimy, crowded manufacturing community of approximately 45,000 inhabitants and was already 650 years old when the missionaries first arrived. The location was appropriate for the introduction of a new faith: it had been a strong Protestant center since the days of Cromwell and was considered to be as tolerant of religious diversity as any place in England. It was also an important center of the temperance movement. Furthermore, as already noted, Joseph Fielding's brother, a minister, had invited the Mormons and was expecting them. (I served as a Mormon missionary there in 1950.)
Snider and my self was standing by our trunks. All at once I Lo[ok]ked up and thare was a Large flag standing right before us written on it, “Truth will prevail.”

We spoke with one voice, amen, and amen. We obtain a login [lodging] in the hous of [a] widow [in St. Wilfred Street], and furnished our own vitles and she coocked it for us. Brother Felding went to his brothers, Reveren[d] Mister [James] Feldind\(^{11}\) [who] desired to see sum of us that night. Elder Hide, Godson and my self went to see him and his brother in law both ministers. They seem to be quite friendly. Return to our logins.

The next morning went to hear Mister Feldings preach [at Vauxhall Chapel], praying to the Lord to open the way for us to preach. The Lord moved on his hart to open his dores [doors] for us to preach without us asking him for it. Afor [After] he got thruw he gave out a[n ap]pointment for one of the Later day Elders of the Later to preach 3[:00] in the after noon. This he did of his own acord in anwer to our prayers; acordinly I went forword with Elder Hide with me having peculier feelings [it] being a long Sinigog [synagog] and crow[d]ed full to hear the strang thing thare [their] minds being much excited. I rose up and began to declare that thare had an Angel viseted the lorer [lower] regons and commited the Ever-lasting gospel to man and [I] prevailed on them to re­pent and prepare for his seckent [second] coming, and laid down the way for them to Enter I[n]to His Rest. After I got threw Elder Hide bore testamony. It seem to have a gr[e]at effect on the congr[eg]ation. They cride

glory to God to think that the Lord, had sent His servent to them. We desmised the meting. Mister Feldin wanted we should preach in the Evning. Elder Godson preached and Brother Felding bore testamony after him. We preached once more in his Chappel on Wensdy Evning. The hous was stade [stayed; remained] full, Elder Hide preached to them. The power of God rested down on the con格ration and manny [were] pricked to the hart. After that thare was dors open in Evry diretion and the cry was come and see me in the city.

This is a large place. Thare is fifty thousand inhabitence in this place cold [called] the town of Preston. Mister [Fielding] did not open his dors anny more for us, but thare was privit housses opeen for us to preach so that we had two or thre[e] meting Evry night. Thare was menny that believed on our words, and to desire to be baptised by us. By this time Mister Felding begins to oppose us with all his power.

A singular sercustance [circumstance] occured on Sartady night which I will mention. Elder Russel was much trubled by Evel spirrits and come into the room [where] Elder Hide and my self ware sleeping and de­sired us to lay our hands on him and rebuke the Evil spirrits. I Rose upon flower [the floor] and Elder Hide sat on the bed and we laid our hands on him and I rebuked and praid for him but Just before [he] had finished his prairer and Rebuked [the spirits] his voice faltered and his mouth was shet [shut] and he began to trembel and Real to and fro and fell on the floor like an dead [man] and uttered a deap groan. I immedially s[e]ized him by the shoulder and lifted him up begin [being] satisfid that the devils ware exceedingly angry becaus we at­tempted to cast them out of Brother Russel and they made
a powerfull attempt uppon [me] as if to despatched [me] at once. They struck [me] sensless and [I] fell to the flower. Bro. Russel [and Brother Hyde] then Laid [their] hands upon [me] and rebuked the evil spirit in the name of Jesus Christ and immediatly [I] recoverd [my] strength in part so as to get up. The swet began to roll from [me] most profusly and [I] was almost as wet as if taking out of water. We could very sencibly hear the Evil Spirits rage and some [foam] out their shame. [I] was qite weack for a day or two after it. It seames that the devels ar deter­mined to distroy us and prevent the truth from being de­clared in England; this was on Sartady. Brother Russel was going to preach in the market /on Sunder/, and I was going to baptise about nine.

[Sunday, 30 July] These was the furst [first con­verts] and the devil was mad. He tride to kill us. He perd [appeared] in pirson on Mondy night. Thare was eight more baptised by brother Feling. Thursday I baptised 3 more. The [same] weak on Sartudy I baptised one more. On Sunder Brother Hide Baptised six more.

August the 4. On Sunder Brother Hide preached in the market place. When we got threw [through] I bore testamony of the things that God had declared to me. As soon as I get threw, thare was a preast jumped up on the stand and contending against us, this made the people seam to be mad at him. They would not let him speack but we prevailed on them to let him speak, so [he] began to speak against us but when he got thre [through] B[rother] Hide twock [took] him up on his own ground

and set him up for a speckle [spectacle]. The congregation were all in our favor and they told him never to do the Like again. Six in the after noon the brethren met together. We administered the sacrament and the[n] we lade on hands upon 26. The Lord was with us. B. Hide had a vision of an angel he was in the poster [position] of recording those blessing that we were confirming upon them, so we felt to Rejoice to think the Lord Excepted of those thing that we was dowing. The power of God was with us.

A Monday [August] 9. We held an other [meeting] thare was much good done. I was at Brother [Thomas] Wormsley. They was a young Lady cam[e] in a ministers daughter. I felt to speck [speak] the words of Life to hur. She believed them. I told hur that I was going to preach in the Evening. She came to hear me the next Evening. On Fridy the same weck [week] she came and wanted me to baptise hur. I went and baptised hur and confirmed hur at the water side. On Sartady she started for home fifteen miles from Preston. I went to my Login and found Brother H[yde] and Feldins. I told them that I wanted to pray that the Lord would soften hur farther's hard [heart] and not find folt [fault] with hur and that he would open his chapel for me to preach the next week. I recieved [a] Leter from him that he should expect me tha next Sabath and he had giving out for me to preach three times on the Sabath.

According to his a pointment, I started fore [4:00] in the after noon and arrived thare [in Walker Fold].

about dusk, the minister received me quite cordially [cordially], and said I was welcome at [his] hom. I preach three times on Suny. On Monday [August 14] evening I preach, again on Wensdy. Then there was doors open in private houses for me to preach the same week [week]. I baptise Six. The Lord was with me on my right hand and on my left. I stade two weeks and preached 13 times and baptise eight and menny more that believed on my words. The night /before/ that I left Walkerfold I had a vision.\(^{17}\) There was a man came to me and twock [took] hold of my hand and asked me how I did. I told him that I was well, and ses [says] he you are wanted in Preston and we cant dow without you Enny Longer. So the next morning [in early September] I bid farewell to the few and made my way for Preston as fast as posable and when I got thare; thare was a leter from Amaraca [America] from my wife containing menny pressious [precious] things from Kirtland and much other buseness that was nesesary fore me to be thare to see to, and Brother Hide felt to pras [praise] the Lord to see me. I remained thare there [three] or fores [four] days and Brother Hide and I went ten miles in to the country and was gone two days and preached twice and menny [were there] that believed on our words and [we] return back to Preston and preached evry day and baptising for the remission of sins. The work is roling in myty [mighty] power to the convincing [of] menny. I stade laboring with Orson [Hyde] till the Spirrit sed [said] gow to Walkerfold and see to the Litle branch.

Left Preston Thursdy the 12 and came to the Litle branch in Walker Fold and found them much percued

[persecuted] by there own fathers and mothers. This seem hard for them [but] when they see my face they revived their spirits and felt to Rejoice in the Lord. Sum of them are driven from there homes for the cause of Christ. At this time [I] have preached in new places and there are doors open in every direction for me to preach. I have preached every night since I have been here. The harvest is truly great but the labours is few and going in to the ground. O the darkness that covers the Earth and gross darkness the people. It is a neough [enough] to a astonish one to see for the preasts have lulled them to sleep. It is like breaking threw bars of iron to get to their harts.

On Fridy the 14 I left that place and went to Preston being Led so by the Spirit of the God. When I got there Brother Godson had returned from Bedford had left a little church of 19 and Brother Wilard Richards with it. The work of the Lord is going on in power in Preston and other wares [elsewhere] but the prees [priests] are criing false prophets and false teachers and this only stirs up the people more to come to hear us out of curiosity and many are pricked to heart and brought in to the kingdom in this way. So every thing that they do it works for the advancing the cause of Christ. So we feel to trust in the Lord knowing that every thing shall work for good for them the [that] Love the Lord and keep His commandments.

Sartady the 20 of Sept. We have riten an epistle this day to our brethren the twelve to give them a relation

18This is most likely the suburb of Leigh, twenty miles south of Preston, where the Rev. Timothy Matthews, the brother-in-law of James Fielding, was a minister. It might, however, be another Bedford, one that was fifty miles northeast of London. In 1841, Kimball visited a branch there. The record is not clear in this matter.
of our mission thus far; my health is quite poorly in health this day. I am troubled much with a bad cold. The climate is cold and damp. The clime is different from America. The Lord is pouring out His Spirit in this place. On the Sabbath Elder Hide and myself confirmed 35 and preached twice and baptised several. On Wednesday evening we confirmed 12 more. There [they] are coming forward daily to be baptised.

Sept the 21. I am going to Longridge to preach and from thence to Walker Fold if the Lord permit.

I will Relate a vision that I had a day or two after we landed. I was aboard of a vessel with others and with me. The ship was under full sail. Seem as though there was a difficult spot to pass through. The wind blew hard and the ship was under great headway and there was great danger of running aboard those snags. There was just room for it the ship to run between them the snags and just as the ship was passing through there was one right before it and the ship ran over it and ground it to powder and did not hurt the ship and I have seen this fulfilled to the uttermost. Rev. Mister Fieldins Run before the work of God and it has destroyed him and his influence and his church has left him and he is an object of pity; the Lord has been with me and giving me dreams and visions and shown me of those things which was to come for this I thank my heavenly Father for.

The 22 I went to New Roe and preached once; then I preached at Longridge and from thence to Walker Fold and preached on Sunday to the

Little church in that place. On Monday I went into Barcher Eves[Barshall Eaves], Yorksheir[Yorkshire] and preached twice more and baptised two and from there I went to Ribchester[23] and preached twice and many believe on my testimony in that place. From thence I went to Longridg[e] and preached again and from thence I went to Preston and found the work of the Lord going on in the hands of Elder H[yde]. I have stayed here twelve days with brother H. preaching and baptising for the remission of sins in River Ribile.[24] In the mean time [I] have confirmed forty by the laying on of hands for the gift of the Holy Ghost and set the church in order and separated them into five branches in the town of Preston on the 8 of Oct.

Sept the 25. On Sunday evening I preached to the little branch of the Church [and] the same night [was] rejected from two houses where I expected to stay that night and thought I should have to [have] stayed out dore that night but there were fore [four] Sisters that stuck by me till they found a place for me to stay before they would leave me. These were friends in time of need and they will be long rememberd by me for their kindness and for this there names shall be handed down from jeneration to jeneration for a memoriel. These are there names Nancy Smitieis [Smithies], Nancy Key, Lisebeth Key, Magdalon Noler; and one more fore hur kindness to me when I was in a strang Land and a pilgrim and a stranger

\textsuperscript{29}Kimball baptized about thirty members of the large Moon family. He later married Dorothy (1804-70?) and Hannah Moon (1802-77) in 1856. Several members of this family were part of the first LDS emigrant company from England. This company of forty-one led by John Moon left Liverpool on 6 June 1840 on the Britannia and
went to Ritenton\textsuperscript{30} and preached to Joseph Gill and the next evening I preached at a Chapel in Egelston\textsuperscript{31} and the next Evning I preched in Esken\textsuperscript{32} and I reamined [re­mained] thare three days and baptis[ed] sevn and two of them /ware/ Ministers. From thence I went back to Exton to Frances Mons [Moon] and baptised his wife and two othere, and it came to passe that I went back to Preston and stade two wc[e]ks for I was sick with a bad cold and so was Orson H. I batised sevrel in the time and preached sum and it came to pas that I went back to Exton on the Sabath and preched twice and baptise one and from thence went to Chorly\textsuperscript{33} and preched once and som[e] /thare/ that ware believing and from [there] to Leyland\textsuperscript{34} to Francis [Moon] for he had moved to that plase. So I went and stade with them half of a day and baptised six which was the man and his wife and fore daughters and the same night went to Ley Land to Frances Mons and stad all night.

The next morning I went to Preston and found my beloved Brother Hide and on the Sabath we confermed 12 and administerd the Sackrement and Brother Hide Preached in the evening. I stade thare three we[e]ks with Brother Hide. Every preast in this plase was colling us fals Prophets and falts teacher. We saw that they [were] Blinding the Eies [Eyes] of the [h]onest. Since that we have ben /going/ forth in to the world to preach the gospel to those that are willen to Recieve it; after this we agree[d] to gow forth. Joseph Felding went to the north and Orson [Hyde] went to the East and I went to the South and [the] furst time that I preached I baptise twelve and continued fore or five days and brother Hide came to me and we Remained together till we Return back to Preston.

On Crismas day [1837] we held a confrence in Preston to tend to bisness of the Church. Thare was about three Hundr[e]d members met together. Joseph and Orson and my Self we blest one hundred children and ordain ten preas and seven teachers and conurmf forteen and did much other bisness and set things in order and we are baptising Evry day and the work of Lord in [is] Roling on in power.

This first Kimball diary abruptly ends here. Diary one contains two additional short entries, separated from the rest of the manuscript by several blank pages, recorded out of chronological sequence, and which really pertain to diary two. One entry, dated 18 February 1840, records Kimball’s arrival in New York enroute back to England for his second mission; the second entry covers 9

March 1840 when Kimball and his companions actually sailed for England. They read:

From other sources we know what transpired between February 1838, when diary one ends, and 1840, when diary two begins: a church conference was held in Preston on 8 April 1838,

39These two entries are followed by several blank pages. The rest of this record book consists of a “Day Book continued by Peter after his father Heber’s order,” an excellent and detailed account of the trek west from Garden Grove, Iowa, beginning 12 May 1846 through 23 February 1847 to Winter Quarters, Nebraska. Peter O. Hansen was one of Kimball’s adopted sons. Since Kimball evidently chose to use a new book to record his second mission to England in 1840, Hansen simply wrote in the unused portion of Kimball’s first diary rather than purchase a new book. Diary two, part one, begins two years and eleven months after the conclusion of diary one.
at which between 600 and 700 Mormons were present, representing twenty-six branches, with a total membership of about 1,300.40 During this conference twenty converts were baptized, 100 children were blessed, and instruction given. Since Kimball, along with Orson Hyde and Isaac Russell, was preparing to leave England, Joseph Fielding was sustained to preside in their absence, with Willard Richards and William Clayton as counselors. On 9 April the three Elders left Preston for Liverpool, where they sailed for home on 20 April, again on the Garrick. They arrived in New York on 12 May and in Kirtland, Ohio, on 22 May, eleven months and nine days from the time Kimball had left.

Although few Mormons were still residing in Kirtland, Kimball’s family was in good health and was happy to see him. Over half the original church membership had withdrawn or been excommunicated, and the remaining faithful were relocating in Missouri. The Kimballs left Ohio in July to rejoin the Saints in Far West, Missouri. They were there only three months before the first casualties were incurred in the struggle with older residents for political parity in the “1838 Mormon War.” Kimball sent his family to safety in Illinois in February 1839 and joined them in Quincy in May. They then moved to the new Mormon settlement of Nauvoo. Kimball was in Nauvoo only long enough to construct a log house for his family before embarking on a second mission to England, this time with Apostle Brigham Young. They left Nauvoo on 18 September 1840.

---

40 There were 1,517 baptisms for the period 1837-39. Kimball has traditionally been credited with 1,500 of them, but this is too generous.
On 9 March 1840, Heber C. Kimball boarded the Patrick Henry along Packet Row on New York City's East River for his second mission to England. Accompanying him were Brigham Young, Orson Pratt, Parley P. Pratt, George A. Smith (all of whom were members of the Quorum of Twelve Apostles), and Reuben Hedlock. Nearly one month later, the group of missionaries arrived in Liverpool on 6 April 1840—the tenth anniversary of the organization of the church. Three days later they were in Preston, where a General Conference was called for 14-16 April. Eight members of the Quorum of the Twelve Apostles were present, a fact suggesting the importance Joseph Smith placed on the British Mission. Over 500 members attended, representing 34 branches for a total of 1,850 members.¹

¹This conference would have taken place in the Cock Pit, a hall originally built for gaming. In 1837 it was the official meeting place of the Preston Temperance Society. The Mormon request of 4 January 1838 to lease the Cock Pit is probably the earliest document in the Old Testament.
Another conference was set for 6 July at Carpenters Hall in Manchester, which had replaced Preston as LDS church headquarters in England. Kimball traveled to Manchester to help prepare for the conference and to aid in the publication of the Latter-day Saints' Millennial Star, the first Mormon periodical in the Old World. At the July conference a decision was made to proselyte in London. Accordingly, on 4 August, Kimball and apostles Wilford Woodruff and George A. Smith slowly made their way by rail, visiting branches along the way and arriving in London on 18 August. The missionaries settled initially in the King's Arms Inn on King (now Newcomen) Street in the borough of Southwark, not far from where the famous Globe Theater of Shakespeare's day had stood. London was not particularly interested in the message these men had brought, and by the October conference in Manchester they could report but eleven new members. After the conference Kimball and Woodruff moved to St. Luke's Parish and recommenced their work. It was here at 40 Ironmongers Row that diary two, part one, begins on 20 December 1840.

This diary is much better kept than the preceding one. Kimball introduced paragraphing and was more conscientious about dating entries. It consists of three different parts covering the time period 20 December 1840 through 17 November 1845. Part one recounts four months of Kimball's life in England.

World referring specifically to the “Latter day Saints.” This document is preserved at the Lancashire Record Office. It was signed by Arthur Burrows, a Mormon convert and one of the church's trustees, and was secured less than six months from the date Kimball docked at Liverpool. The building no longer exists. Kimball's preaching license of 18 October 1837, if extant, would be older, but the original seems to have disappeared. See my “Early Records in England,” The Improvement Era (Feb. 1955): 96.

25 The Potteries, the center of British earthenware manufacturing, is in North Staffordshire and includes the towns of Burslem, Newcastle-under-Lyne, and Stoke-upon-Trent. It was here in Burslem that Kimball's missionary companion Wilford Woodruff had such preaching success in 1840.

26 John Taylor (1808-87), an apostle since 1838, became president of the LDS church in 1880.

27 Following the abrupt end of this English mission account are forty-two pages, in various hands, of miscellaneous prayers, revelations, and patriarchal blessings for the period 6 April 1839 through 28 May 1844. The diary starts again on 10 June 1843.
Two years and three months elapse between parts one and two of diary two. Before concluding his second mission to England (recorded in part one), Kimball attended a conference of the church in Manchester. During this meeting, he learned that the church in England had 5,814 members, in addition to about 800 who had already emigrated to the United States; that 5,000 copies of the Book of Mormon, 3,000 hymnals, 50,000 tracts, and 2,500 copies of the Latter-day Saints’ Millennial Star had been printed; and that a permanent shipping agency had been established for the emigrating converts. On 21 April, Kimball and six other apostles left Liverpool with a company of 130 emigrants on the Rochester. Thirty days later they arrived in New York City and by 1 July 1841 were back in Nauvoo.

Kimball lived in Nauvoo nearly three years before recommencing his diaries.1 During this time he provided better housing for

his family and attended to church duties. In 1842 he received a patriar­chal blessing, helped to organize a Masonic lodge and the Young Gentlemen and Ladies Relief Society, received his endowments, and was introduced to the doctrine of plural marriage, taking his first plural wife that same year. The following April he was appointed to go on yet another mission, this time to the eastern states to collect tithing from members. His diary entries begin again at this point with an account of his departure.

Allen, Trials of Discipleship: The Story of William Clayton, a Mormon [Urbana: University of Illinois Press, 1987], p. 99). More likely, however, Clayton’s comment explains some of the attempted corrections scattered throughout diary one.

Elder Snow and my self had a precious time. On the 17th our minds were opened on things pertaining to our future State. Such as laying a good foundation forever and to do all things in view of Eternity. For all things that are only done [for] time will dissolve when the body does. Therefore our works will be vain. *This part of the diary abruptly ends at this point and several miscellaneous items are added, including an 1847 poem by Kimball’s first wife, Vilate, in her own hand:*

Winter Quarters Jan 17th 1847

No being round the spacious Earth  
Beneath the vaulted arch of heaven  
Divides my love, or draws it thence  
from him to whom my heart is given  
Like the frail ivy to the oak  
Draun closer by the temptest [d]riven  
Through sorrows flood he’l bear me up  
And light with smiles my way to heaven  
The gift was on the alter laid  
The Plighted vow, on earth was given  
The seal eternal has ben made  
And by his Side, I’l reign in heaven

13 At this point, for the sake of continuity, diary two—which jumps from 19 October 1843 to 28 May 1845—will be interrupted by diary three. Diary two, part two, ends with Kimball near St. Louis enroute to Nauvoo, which he reached 22 October 1843. Kimball would spend seven months at home before being called on his eighth and last mission. “I remained in Nauvoo all winter,” he later related, “enjoying the teaching of the Prophet, attending council, prayer meetings, . . . preaching in Nauvoo and branches round about, and doing all I could to strengthen the hands of the First Presidency” (“Synopsis of the Life of Heber C. Kimball,” Deseret News, 20 April 1858). Politics were also important in 1844, an election year. The Mormons debated whether to support the Democratic president, Martin Van Buren, or the Whig, Henry Clay. Since both candidates had refused to do anything to help the Mormons secure redress for Missouri’s wrongs, a proposal came to nominate Joseph Smith as a candidate for the presidency. This was done at the annual April conference of the church, and on 17 May 1844 a convention was held in Nauvoo at which Kimball and 343 Elders were appointed to go throughout the states to stump for Joseph Smith. This is the point at which diary three starts.
The following record more clearly resembles a proper diary than Kimball's earlier efforts and provides interesting and important information about his visits in St. Louis, Cincinnati, Baltimore, Philadelphia, New York City, Boston, and other eastern cities. We learn of Kimball's efforts in Washington, D.C., to secure redress for Missouri wrongs to the Mormons, his reaction to the death of Joseph Smith on 27 June 1844, and his return to Nauvoo on 6 August 1844, three months after leaving home. Thereafter we are witness to his detailed account of Nauvoo from the death of Joseph Smith through 27 May 1845.

On the 10 of Sept. [1842; this entry is out of place in the original] I left Nauvoo with my wife fore Lima whare I met B[righam]. Young, G[eorge]. A. Smith,

Nauvoo, May the 15, 1844. And it come to pass that I blest my wife and children and Sealled my blessing on thare Heads in the name of the Lord. I also ordained my son Wm. Henry an Elder. About ten in the morning I went to the landing with my wife, El[d]ers John Pack, Lelery [Ezra T.?] Benson. Wm. Carri[c]d us with a wag­gon. Elder White [Lyman Wight] was not ready to go. We went to Elder B. Youngs. Stopt a short [short] time then came. home, and all was well.

54This is Alpheus Cutler (1784-1864), father of Emily (1828-52) and Clarissa (1824-52, and my great-great-grandmother, incidentally), two of Kimball's plural wives whom he married in 1845. Cutler later founded the Mormon schismatic “Cutlerite” church.

55This seems to be a reference to Kimball's first plural wife, Sarah Peak.

56For the “History of the Church,” or “History of Joseph Smith,” which was then appearing in the church’s Times and Seasons periodical in Nauvoo, Willard Richards compiled an account of a certain period as well as he could from the records he inherited and then read it aloud to Kimball, Brigham Young, and others, who corrected errors and added information. Unfortunately for later researchers, much of what Richards learned from others was added to the record in the first person, giving the impression that Joseph Smith himself had said or written it.
April the 2. Stade at Aron Fars, last Night, with my wife. We reached hom at 10 Oclock. Thence went direct to Elder W. Richards where I found B. Young, And G. A. Smith. Continued reading the history of the church fore correction.

The year 1845 ended with Heber Kimball and Brigham Young examining maps and reading various travel accounts of the Far West in further preparation for the exodus. The following year, 1846, began badly. The charters of the Nauvoo Legion and of the City of Nauvoo were revoked in January, thus eliminating what legal and military protection the Mormons had. Rumors were spreading that the United States government would prevent the Mormons from leaving because they were suspected of secretly planning to go to Oregon to strengthen England’s control over that disputed area. Apparently these rumors led church leaders to abandon Nauvoo as soon as possible rather than to await the agreed-upon spring departure time. On 16 February, Kimball crossed the Mississippi to begin a new phase in his life and in that of his large and growing family.
APPENDICES
A mong the Heber C. Kimball papers currently housed in the archives of the Historical Department, Church of Jesus Christ of Latter-day Saints, Salt Lake City, Utah, is a small "H. C. Kimball Memorandum" book recording some of Kimball's miscellaneous musings. As with some of his other journals, the handwriting of others besides Kimball can be found in these memoranda. The first four pages consist of items received from various people during April and May 1848, apparently in connection with the immigration to the Great Salt Lake Valley. Following this are eighteen pages of baptismal, marriage, and ordination data for the years 1883 to 1934. Most of this material pertains to Kimball's son David Heber.

Finally, there are nine pages containing fourteen "memoranda" in Kimball's hand from 1852 to 1864. These statements are cast in the form of personal revelations and were kept very private. One of his sons, Solomon F. Kimball, later recorded, "After father died, we found in a blank book where he had jotted down some of the things the
Lord had told him.” These fourteen statements divide into four groups: six concern Kimball’s standing as first counselor to Brigham Young, five refer to the church’s strained relations with the United States government, two apparently relate to troubles with his plural wives, and one to sickness.

Of the references to his standing in the LDS hierarchy, four were recorded in March 1862, one in 1864, and the sixth one is not dated. Individually and collectively, these notes reflect Kimball’s growing sense of being anachronistic, inadequate, and slighted by younger, more sophisticated church leaders. Like the rough, impetuous Galilean, Peter, Heber had been essential in the beginning of the movement to which he devoted his life, but he lived to be overshadowed by better educated Pauline types. Daniel H. Wells became second counselor to Brigham Young in 1857, and it is clear that Kimball felt threatened by him. Albert Carrington, editor of the church’s Deseret News, had publicly criticized “swearing and obscenity in language” among the Saints, and Kimball may have felt that this had been directed towards him. During 1864, Brigham Young ordained three of his sons as apostles, something Kimball did not learn of for four months and which greatly offended him.

Kimball seems to have construed some of the actions of other church leaders as attempts to ease him out of the First Presidency. While this perception may not have been shared by anyone else, it nevertheless clouded his last years. “Those were days of sorrow for father,” his son Solomon F. later wrote, “and he became so heart broken towards the last that he prayed to the Lord to shorten his

days.”2 His prayers were answered on 22 June 1868.

The several references to the U.S. government are of no great consequence. The first obviously refers to the Civil War, but it cannot be dated. The 1859 reference concerns Johnston’s Army, which came to Utah in 1858, and the so-called Utah War. The fact that these troops did not leave the territory until 1861, with the outbreak of the Civil War, could be interpreted as some kind of fulfillment of Kimball’s prophecy. The 1862 reference to Congress’s refusal to accept Utah’s petition for statehood may or may not surprise readers. It probably refers to the mass meeting of 6 January 1862 in Salt Lake City to choose delegates to a constitutional convention to make a formal application for statehood. Because so many states had recently left the Union, some church authorities thought that Congress might grant their application for admission. Kimball’s pessimism proved correct; Congress turned down Utah’s 1862 petition. The two predictions of the United States’ making war against the church were not realized.

The twice-repeated affirmation that Kimball was no longer “under the Law of Lawless women” evidently refers to some of his domestic trials occasioned by his huge polygamous family. The 6 March 1859 reference to sickness appears to have been recorded after the fact.

and should become a mighty man of God in the house of Israel and His power should increase on me more and more.

It was told me the time was near when I Heber should be lifted up in the Eyes of Israel and Daniel H. Wells should see sorrow Even as he had caused sorrow to come on his servent HCK becaus he sat on me and op­pressed me when he had power to do me good. Even so Amen. HCK.

De[c] the 27 1864—Tusday

I was told by the Lord that those that had Saught my hurt and had caused me to be cast off by His Servent Brigham should see sorrow and be removed out of their place. Daniel H. Wells, Albert Carrington, Joseph A. Young and others and they should be spoiled in all there Evil designs.3

3In his “Sacred History,” Solomon F. Kimball cites four of the above memoranda and two not in the “H. C. Kimball Memorandum Book.” Since the original memorandum book is not presently available for examination, I am unable to determine whether these two additional memoranda might have been removed, either intentionally or accidentally. The earliest indicates that Kimball evidently believed the so-called “Adam-God theory.” The second reconfirms Kimball’s fears about his declining importance in church leadership. For the record, they are:

April 30, 1862. The Lord told me that Adam was my father and that he was the God and father of all of the inhabitants of this Earth.

In the evening of January 12, 1865 I was told by the Lord that I should not be removed from their places. That Daniel H. Wells, Albert Carrington, Jos. A. Young and others were among that number. In the name of the Lord I predict that this will come true.
This "journal" is taken from the Times and Seasons (Nauvoo, Illinois), Vol. 6 (15 Jan. 1845), 1:770–73; (1 Feb.), 2:787–90; (15 Feb.), 3:803–805; (15 March), 5:838–40; (15 April), 7:866–69. It is a reminiscence of the period from 17 February to 26 July 1834 and is essentially an account of the march of Zion's Camp. To this, Kimball added an account of his calling to the Quorum of the Twelve Apostles on 18 February 1835 and of his leaving on a mission to the eastern states on 4 May 1835. The following is not a journal in any sense of the word, but is rather a memoir of events, a reconstruction, based entirely on memory, notes, or a contemporary account that no longer exists.

During my stay here (Kirtland) and on the 17th February 1834, a general council of twenty four High Priests assembled at the house of Joseph Smith jr., by revelation, and proceeded to organize the High Council.
of the church of Christ, which was to consist of twelve High Priests. The number composing the council who voted in the name of and for the church in appointing these councillors were forty three, as follows; nine High Priests, seventeen Elders, four Priests, and thirteen members. During this time I received much precious instruction concerning the order of the kingdom.

When I got to Kirtland the brethren were engaged in building the house of the Lord. The commandment to build the house, and also the pattern of it was given in a revelation to Joseph Smith Jr., Sidney Rigdon, and Frederick G. Williams, and was to be erected by a stated time. The church was in a state of poverty and distress, in consequence of which it appeared almost impossible that the commandment could be fulfilled, at the same time our enemies were raging and threatening destruction upon us, and we had to guard ourselves night after night, and for weeks were not permitted to take off our clothes, and were obliged to lay with our fire locks in our arms.

At this time also, our brethren were suffering great persecution in Jackson county, Missouri; about twelve hundred were driven, plundered and robbed; and their houses burned and some were killed. The whole country seemed to be in arms against us, ready to destroy us. Brother Joseph received a lengthy revelation concerning the redemption of Zion, which remains to be fulfilled in a great measure. But he thought it best to gather together as many of the brethren as he conveniently could, with what means they could spare and go up to Zion to render all the assistance that we could to our afflicted brethren. We gathered clothing and other necessaries to carry up to our brethren and sisters who had been stripped; and putting our horses to the wagons, and taking our firelocks and
ammunition, we started on our journey; leaving only Oliver Cowdery, Sidney Rigdon, and the workmen who were engaged at the Temple; so that there were very few men left in Kirtland. Our wagons were about full with baggage &c., consequently we had to travel on foot. We started on the 5th of May, and truly this was a solemn morning to me. I took leave of my wife and children and friends, not expecting ever to see them again, as myself and brethren were threatened both in that country and in Missouri by the enemies, that they would destroy us and exterminate us from the land.

There were about one hundred brethren in our company who started for Zion. These brethren were all young men and nearly all elders, Priests, Teachers and Deacons. The second day we arrived at New Portage, being about 50 miles, at which place on the 7th, we made regulations for traveling, and appointed a paymaster whose name was Frederick G. Williams, and put all of our monies into a general fund. Some of the brethren had considerable, and others had little or none, yet all became equal. While here one of my horses received a kick from another horse, which obliged me to trade away my span, and get another span of older horses. We then proceeded on our journey twelve miles to the Chippeway. Here we pitched our tents under a pine grove. The next day we were divided into companies of twelve each, and captains were appointed over each company. I then organized my com-

pany in the following manner, appointing two to attend to cooking, two to see that fires were made, two to prepare the tent at night and prepare the bedding, and also to strike the tent each morning, two to fetch and provide water, one to do the running, two to see to the horses, see that the wagon was greased, and every thing prepared for starting. My business was to see that the company was provided for, and to see that all things were done in order. Our living generally was very good, being able to buy bread from the bakers on the way through the settled part of the country.—After this we purchased flour and had to bake our own bread. We sometimes had to live mostly on johnny cake and corn dodger, and sometimes our living was scant. Every night before we went to bed we united in our tent and offered up our prayers before the Lord for protection. This was done at the sound of a trumpet; and at the sound of the trumpet in the morning, every man was upon his knees and some one made prayer. There was a similar order attended to in each tent. There were higher officers appointed over the company.

On the 8th we started on our journey, and on Saturday the 10th, we passed through Mansfield and camped for the Sabbath in Richfield. On Sunday the 11th, brother Sylvester Smith preached and the sacrament of bread and wine was administered to the company. On Monday the 12th we passed over the Sandusky Plains, and through the Indian settlements.—We then passed through a long range of beech woods, where the roads were very bad. In many instances we had to fasten ropes to the wagons to haul them out of the sloughs and mud holes. While passing through these woods, the brethren scattered on each side [of] the road and went to hunting for wild game. We came to Belle Fontain where we first discovered refractory feelings in Sylvester Smith. We passed through a
very pleasant country to Dayton Ohio, where we crossed the Miami River, which is a very beautiful stream; the water being only about two and a half feet deep, most of the brethren forded it. We arrived at this place on Friday the 16th. The brethren were in good spirits, and the Lord was with us. On Saturday the 17th we passed into Indiana, just on the line betwixt the State of Ohio and Indiana [sic], where we camped for the Sabbath, having travelled forty miles that day. Our feet were very sore and blistered, and our stockings were wet with blood, the weather being very warm.

This night a spy from the enemy attempted to get into our camp but was stopped by the guard. We had our sentinels or guards appointed every night, on account of spies continually harassing us. On this evening there was quite a difficulty between some of the brethren and Sylvester Smith, on occasion of which brother Joseph was called to decide the matter. Finding quite a rebellious spirit in Sylvester Smith, and to some extent in others, he said that they would meet with misfortunes, difficulties and hindrances, “and you will know it before you leave this place”; exhorting them to humble themselves before the Lord and become united, that they might not be scourged. A very singular occurrence [sic] took place that night, and the next day concerning our teams. On the following morning when we arose we found almost every horse in the camp so badly foundered that we could scarce lead them a few rods to the water. The brethren then deeply realized the effects of discord. When brother Joseph learned the fact he exclaimed to the brethren, that for a witness that God overruled and had his eye upon them, that all those who would humble themselves before the Lord, should know that the hand of God was in this misfortune, and their horses should be restored to health im-
mediately, and by twelve o'clock the same day the horses were as nimble as ever, with the exception of one of Sylvester Smith's which soon afterwards died.

On Sunday the 18th we had preaching as usual and administered the sacrament. I did not attend meeting myself as I was writing a letter to my companion. Monday 19th we passed through Indianopolis [sic] where we crossed white river. The teams forded the river—most of the brethren crossed over the new bridge which was unfinished. We were threatened by our enemies that we should not go through the town, but we passed through quietly and were not molested, everything appeared to be in perfect silence as we went through, although the people looked aghast as if fear had come upon them. At night we camped on an open spot, the height [sic] of an eminence. Here we lost one horse, On Sunday the 25th we arrived at the edge of Illinois. We had no meeting but attended to washing and baking to prepare for our journey again. On Monday 26th, we resumed our journey.

At night we were alarmed by the continual threatening of our enemies. I would here remark that notwithstanding so many threats were thrown out against us we did not fear nor hesitate to proceed on our journey for God was with us, and angels went before us, and we had no fear of either men or devils. This we know because they (angels) were seen. On Tuesday the 27th we came to the Kaskaskia,—a deep river,—where we found two skiffs: we took and lashed them together and they served as a kind of ferry boat. We took our baggage out of our wagons and put it on board and ferried it across; then took our wagons and horses, and swam them across, and when they got them to the shore side, the brethren cast ropes into the tongues of the wagons, and helped the horses and wagons out of the river; others fell trees and laid
them across the river, and thus helped themselves over. In this way we were all enabled to cross in safety. Wednesday the 28th we reached the town of Decatur. Here we lost another horse. Saturday the 31st at night, we camped one mile from Jacksonville and prepared for the Sabbath. On Sunday, June 1st, we had preaching all day, and many of the inhabitants of the town came out to hear. Brother John Carter preached in the morning. By this time the inhabitants began to flock down in companies to hear preaching, as they understood we were professors of religion and had had a meeting in the morning. Brother Joseph then proposed that some of the brethren should set forth different portions of the gospel in their discourses, as held by the religious world. He called upon brother Joseph Young to preach upon the principles of free salvation. He then called upon brother Brigham Young to speak, who set forth baptism as essential to salvation. He was followed by brother Orson Hyde who proved by the scriptures that baptism was for the remission of sins. He next called upon brother Lyman Johnson, who spoke at some length upon the necessity of men being upright in their walk, and keeping the Sabbath day holy. He then called upon brother Orson Pratt who delivered an excellent discourse on the principles of the final restoration of all things. The services of the day were concluded by a powerful exhortation from Eleazer Miller. His voice was said to be heard a mile and a half.

I would here remark concerning brother Eleazer Miller who was one of the first that brought the gospel to us in Mendon N. Y., when he used to retire to a little grove near my house for secret prayer, he would get so filled with the spirit and power of the Holy Ghost that he would burst out into a loud voice, so that he was heard by the surrounding inhabitants for more than a mile. After
the day's services were over at this place many strangers were in our camp making remarks upon the preaching which they had heard. They said that brother Joseph Young by his preaching they should judge was a Methodist. They thought brother Brigham Young was a close communion Baptist. Brother Orson Hyde they supposed was a Campbellite, or reformed Baptist. —Brother Lyman Johnson they supposed was a Presbyterian, and brother Orson Pratt a Restorationer. They enquired if we all belonged to one denomination. The answer was, We were some of us Baptists, some Methodists, some Presbyterians, some Campbellites, some Restorationers &c. On Monday morning when we passed through Jacksonville, they undertook to count us, and I heard one man say, who stood in the door of a cabinet shop that he had counted a little rising of five hundred, but he could not tell how many there were. This thing was attempted many times in villages and towns as we passed through, but the people were never able to ascertain our number.

One circumstance that occurred while we were traveling in Indiana, I will here mention, concerning some spies who came into our camp. One day while we were eating dinner three gentleman [sic] came riding up on very fine looking horses and commenced their inquiries of various ones concerning our traveling in so large a body, asking where we were from, and where we were going. The reply was as usual some from the State of Maine, another would say, I am from York state, some from Massachusetts, some from Ohio, and some replied, we are from the east, and as soon as we have done eating dinner we shall be going to the west again. They then addressed themselves to Doctor Williams to see if they could find out who the leader of the camp was. The Doctor replied, we have no one in particular. They asked if
we had not a general to take the lead of the company? The reply was, no one in particular. But said they, is there not some one among you who you call your captain, or leader, or superior to the rest? He answered, sometimes one and sometimes another takes charge of the company so as not to throw the burthen upon any one in particular. These same spies who had come from the west passed us that same day, or the next.

On Monday, June 2nd, we crossed the Illinois river. The enemies had threatened that we should not pass over here, but we were ferried across without any difficulty. Here we were counted by the ferryman, and he declared we were five hundred in number, although there was only about one hundred and fifty of us. Our company had increased since we started from Kirtland, in consequence of many having volunteered and joined us from the different branches of the church, through which we had passed in our journey. We camped on the bank of the river until next day.

On Tuesday the 3rd, we went up, several of us, with Joseph Smith jr. to the top of a mound on the bank of the Illinois river, which was several hundred feet above the river, and from the summit of which we had a pleasant view of the surrounding country: we could overlook the tops of the trees, on to the meadow or prairie on each side of the river as far as our eyes could extend, which was one of the most pleasant scenes I ever beheld. On the top of this mound there was the appearance of three altars, which had been built of stone, one above another, according to the ancient order; and the ground was strewn over with human bones. This caused in us very peculiar feelings, to see the bones of our fellow creatures scattered in this manner, who had been slain in ages past. We felt prompted to dig down into the mound, and sending for a
shovel and hoe, we proceeded to move away the earth. At about one foot deep we discovered the skeleton of a man, almost entire; and between two of his ribs we found an Indian arrow, which had evidently been the cause of his death. We took the leg and thigh bones and carried them along with us to Clay county. All four appeared sound. Elder B. Young has yet the arrow in his possession. It is a common thing to find bones thus drenching upon the earth in this country. The same day, we pursued our journey. — While on our way we felt anxious to know who the person was who had been killed by that arrow. It was made known to Joseph that he had been an officer who fell in battle, in the last destruction among the Lamanites, and his name was Zelph. This caused us to rejoice much, to think that God was so mindful of us as to show these things to his servant. Brother Joseph had enquired of the Lord and it was made known in a vision.

This day, June 3rd, while we were refreshing ourselves and teams, about the middle of the day, Brother Joseph got up in a wagon and said, that he would deliver a prophecy. After giving the brethren much good advice, exhorting them to faithfulness and humility, he said, the Lord had told him that there would a scourge come upon the camp, in consequences of the fractious and unruly spirits that appeared among them and they should die like sheep with the rot; still if they would repent and humble themselves before the Lord, the scourge in a great measure might be turned away; but, as the Lord lives, this camp will suffer for giving way to their unruly temper, which afterwards actually did take place to the sorrow of the brethren.

The same day when we had got within one mile of the Snye, we came to a very beautiful little town called Atlas. Here we found honey for the first time on our jour-
ney, that we could buy; we purchased about two thirds of a barrel. We went down to the Snye and crossed over that night in a ferry boat. We camped for the night on the bank of the Snye. There was a great excitement in the country through which we had passed, and also ahead of us; the mob threatened to stop us. Guns were fired in almost all directions through the night. — Brother Joseph did not sleep much, if any, but was through the camp, pretty much during the night.

We pursued our journey on the 4th, and camped on the bank of the Mississippi river. — Here we were somewhat afflicted and the enemy threatened much that we should not cross over the river out of Illinois into Missouri. It took us two days to cross the river, as we had but one ferry boat, and the river was one mile and a half wide. While some were crossing many others spent their time in hunting and fishing, &c. When we had got over, we camped about one mile back from the little town of Louisiana, in a beautiful oak grove, which is immediately on the bank of the river. At this place there was some feelings of hostility manifested again by Sylvester Smith, in consequence of a dog growling at him while he was marching his company up to the camp, he being the last that came over the river. — The next morning Brother Joseph said that he would descent to the spirit that was manifested by some of the brethren, to let them see the folly of their wickedness. He rose up and commenced speaking, by saying, "if any man insults me, or abuses me, I will stand in my own defence at the expense of my life; and if a dog growl at me, I will let him know that I am his master." At this moment Sylvester Smith, who had just returned from where he had turned out his horses to feed, came up, and hearing Brother Joseph make those remarks, said, "if that dog bites me, I'll kill him." — Brother
Joseph turned to Sylvester and said, “if you kill that dog, I'll whip you,” and then went on to show the brethren how wicked and unchristianlike such conduct appeared before the eyes of truth and justice.

On Friday the 6th, we resumed our journey. On Saturday the 7th, at night, we camped among our brethren at Salt river, in the Allred settlement, in a piece of woods by a beautiful spring of water and prepared for the Sabbath. On the Sabbath we had preaching. Here we remained several days, washing our clothes, and preparing to pursue our journey. Here we were joined by Hyrum Smith and Lyman Wight with another company. The camp now numbered two hundred and five men, all armed and equipped as the law directs. It was delightful to see the company for they were all young men with one or two exceptions, and in good spirits.

We were now re-organised, according to the following order: Lyman Wight was chosen general of the camp; then Brother Joseph chose twenty men out of the camp for his life guard, I being one of the number. Brother George A. Smith was Brother Joseph's armor bearer; Hyrum Smith was chosen captain of the life guard. The remainder of the camp was organised into companies as before stated. We had twenty-five wagons, two horses in each and some three. One day while we remained here, our general marched us out on a large meadow or prairie. He then proceeded to inspect us and examine our firelock, &c.; afterwards we marched in platoons and an object being placed, we discharged our pieces in order to try them. We were drilled about half a day and then returned to the camp.

On the 12th, we again resumed our march: many of the inhabitants went with us several miles; they seemed
to have much respect of us. We traveled about fourteen miles, and camped on a large prairie.

Friday the 13th, my horses got loose and went back ten miles, with others. I pursued after them and returned back to the camp in about two hours. We tarried in the middle of this prairie which is about twenty eight miles across, on account of a rupture which took place in the camp. Here F. G. Williams and Roger Orton, received a very serious chastisement from Brother Joseph, for not obeying orders previously given. The chastisement given to Roger Orton, was given more particularly for suffering me to go back after the horses, as I was one of Joseph’s life guard, and it belonged to Roger to attend to the team; but, as the team was my own and I had had the care of it all through, he still threwed the care on me, which was contrary to orders, inasmuch as the responsibility rested upon him to see to the team: In this place further regulations were made in regard to the organization of the camp.

A day or two after this Bishop Partridge met us direct from Clay county, as we were camping on the bank of the Waconda river in the woods. We received much information from Brother Partridge concerning the hostile feelings and prejudices that existed against us in Missouri in all quarters. It gave us great satisfaction to receive intelligence from him, as we were in perils, and threatened all the while.—I will here mention one circumstance that transpired during our stay at this place, which was, that of Brother Lyman Wight baptising Dean Gould as he was not previously a member of the church yet had accompanied us all the way from Kirtland.

We pursued our journey and followed the bank of the river for several miles. As we left the river and came into a very beautiful prairie Brother William Smith, one
of the Twelve, killed a very large deer, which made us some very nourishing soup, and added to our comfort considerably.

On Wednesday the 18th at night we camped one mile from the town of Richmond, Ray co. On Thursday the 19th, we arose as soon as it was light and passed through the town before the inhabitants were up. As Luke Johnson and others, were passing through before the teams came along, Brother Luke observed a black woman in a gentleman's garden near the road. She beckoned to him and said, "come here massa." She was evidently much agitated in her feelings. He went up to the fence and she said to him, there is a company of men laying in wait here who are calculating to kill you this morning as you pass through. This was nothing new to us as we had been threatened continually through the whole journey, and death and destruction seemed to await us daily. This day we only traveled about fifteen miles. One wagon broke down; and the wheels run off from others, and there seemed to be many things to hinder our progress, although we strove with all diligence to speed our way forward. Our intentions were, when we started to go through to Clay county that day, but all in vain. This night we camped on an elevated piece of land between the two branches of the Fishing river, the main branch of which was formed by seven small streams or branches, these being two of them. Just as we halted and were making preparations for the night, five men rode into the camp, and told us we should see hell before morning, and such horrible oaths as came from their lips, I never heard before. They told us that sixty men were coming from Richmond, Ray county, who had sworn to destroy us, also, seventy more were coming from Clay county, to assist in our destruction. These men were armed with guns, and the whole
country was in a rage against us, and nothing but the power of God could save us. All this time the weather was fine and pleasant. Soon after these men left us we discovered a small black cloud rising in the west; and not more than twenty minutes passed away before it began to rain and hail, but we had very little of the hail in our camp. All around us the hail was heavy; some of the hailstones, or rather lumps of ice, were as large as hens eggs. The thunders rolled with awful majesty, and the red lightnings flashed through the horizon, making it so light that I could see to pick up a pin almost any time through the night; the earth quaked and trembled, and there being no cessation it seemed as though the Almighty had issued forth his mandate of vengeance. The wind was so terrible that many of our tents were blown over and we were not able to hold them; but there being an old meeting house close at hand, many of us fled there to secure ourselves from the storm. Many trees were blown down, and others twisted and wrung like a withe. The mob came to the river, two miles from us; and the river had risen to that height that they were obliged to stop without crossing over. The hail fell so heavy upon them that it beat holes in their hats, and in some instances even broke the stocks off their guns; their horses being frightened fled leaving the riders on the ground, their powder was wet and it was evident the Almighty fought in our defence. This night the river raised forty feet.

In the morning I went to the river in company with Brother Joseph Smith, Hyrum Smith, Brigham Young, and others, as we had it in contemplation to proceed that morning to Liberty, Clay county; but we could not continue our journey as there was no way to cross the river. It was then overflowing its banks, and we have seen the river since and proved that it was full forty feet.
from the top of the banks to the bottom of the river. Previous to this rain falling, it was no more than ankle [sic] deep. Such a time never was known by us before; still, we felt calm all night and the Lord was with us.—The water was ankle [sic] deep to us all night so we could not sleep.

At this place, W. W. Phelps, S. W. Denton, John Corrill, with many others from Liberty joined us, from whom we received much information concerning the situation of the brethren who had been driven from Jackson county, and the fixed determination of our enemies to drive or exterminate them from that county.

The next day when we moved into the country we saw that the hail had destroyed the crops and we saw that it had come in some directions within a mile, and in other directions within half a mile of our camp. After passing a short distance the ground was literally covered with branches of the trees which had been cut off by the hail. We went a distance of five miles on a prairie to get food for our horses, and also to get provisions for ourselves; and to get into some secure place, where we could defend ourselves from the rage of the enemy. We stayed here three or four days until the rage of the people was allayed.

On the 21st, Colonel Searcy and two other leading men from Ray county, came to see us, desiring to know what our intentions were; for said he, “I see that there is an Almighty power that protects this people, for I started from Richmond, Ray county, with a company of armed men having a fixed determination to destroy you, but was kept back by the storm and was not able to reach you.” When he came into the camp he was seized with such a trembling, that he was obliged to sit down in order to compose himself. When he desired to know what
our intentions were, Brother Joseph arose and began to speak and the power of God rested upon him. He gave a relation of the sufferings of our people in Jackson county, and also of all our persecutions and what we had suffered by our enemies for our religion; and that we had come one thousand miles to assist our brethren, to bring them clothing, and to reinstate them upon their own lands; that we had no intentions to molest or injure any people, but only to administer to the wants of our afflicted brethren; and that the evil reports, which were circulated about us were false, and were circulated by our enemies to get us destroyed.

After he got through and had spoke quite lengthy, the power of which melted them into compassion, they arose and offered him their hands, and said they would use their influence to allay the excitement which everywhere prevailed against us. They accordingly went forth and rode day and night to pacify the people; and they wept because they saw we were a poor afflicted people, and our intentions were pure. The next day the Sheriff of that county, named Gilliam, came to deliver a short address to us. We formed into companies and marched into a grove a little distance from the camp and there formed ourselves into a circle, and sat down upon the ground. Previous to Mr. Gilliam’s address, he (Gilliam) said, “I have heard much concerning Joseph, and I have been informed that he is in your camp, if he is here I would like to see him.” Brother Joseph arose and said, I am the man. This was the first time he was made known during the journey. Mr. Gilliam then arose and gave us some instructions concerning the manners and customs of the people, their dispositions, &c., and what course we should take in order to gain their favor and protection.

On Sabbath day while we were in this place, be-
ing in want of salt, I took it upon me to go to some of the inhabitants and get some; Brother Smalling took his rifle and went along with me. After passing through a patch enclosed by hazle [sic] bushes, about two miles from the camp, I discovered a deer a little distance ahead of us standing across the path; I made motions to Brother Smalling, and he, drawing up his rifle over my shoulder, which served for a rest, fired and hit the deer just behind the shoulder, it ran a few rods and fell. We cut a pole and fastening it on the pole, got it on our shoulders and carried it along to the camp. When we got to the camp we dressed it and divided it among the different companies, and had an excellent feast.

Here Brother Thayre was taken sick with the cholera, and also Brother Hayes. We left them there, and also Brother Hancock who had been taken with the cholera during the storm. Bro. Joseph called the camp together, and told us that in consequence of the disobedience of some who had not been willing to listen to his words, but had been rebellious, God had decreed that sickness should come upon us, and we should die like sheep with the rot; and said he, “I am sorry, but I cannot help it.” When he spake these things it pierced me like a dart, having a testimony that so it would be. In the afternoon of this day, we began to receive the revelation known as the “Fishing River revelation.”

On Monday we held a council as follows:

Clay County, Mo., June 23, 1834.

A council of high priests met according to a revelation received the previous day, to choose some of the first elders to receive their endowment; being appointed by the voice of the spirit, through Joseph Smith jr., president of the church.
They proceeded: Edward Partridge is called and chosen, and is to go to Kirtland and receive his endowment with power from on high; and also, stand in his office as bishop to purchase land in Missouri.

W. W. Phelps is called and chosen, and it is appointed unto him to receive his endowment with power from on high; and help carry on the printing establishment till Zion is redeemed.

Isaac Morley is called and chosen, and it is appointed unto him to receive his endowment with power from on high in Kirtland; and assist in gathering up the strength of the Lord's house, and preach the gospel. John Corrill the same as Isaac Morley.

John Whitmer is called and chosen, and it is appointed unto him to receive his endowment in Kirtland, with power from on high; and continue in his office.

David Whitmer is called and chosen, and it is appointed unto him to receive his endowment in Kirtland, with power on high; and stand in the office appointed unto him.

A. S. Gilbert is called and chosen, and it is appointed unto him to receive his endowment from on high in Kirtland; and to assist in gathering up the strength of the Lord's house; and to proclaim the everlasting gospel till Zion is redeemed. He said in his heart he could not do it, and died in about three days.

Peter Whitmer is called and chosen, and it is appointed unto him to receive his endowment in Kirtland, with power from on high, and assist in gathering up the strength of the Lord's house; and proclaim the gospel.

F. G. WILLIAMS, Clerk.

On the morning of the 24th we started for Liberty, Clay county, where our brethren were residing, who had been driven from Jackson county, taking our course round the head of Fishing River, in consequence of highwater. When we got within five or six miles of Lib-
erty, General Atchison, and several other gentlemen, met us, desiring that we would not go to Liberty, as the feelings of the people of that place was much enraged against us. Changing our course and bearing to the left, we pursued our way across a prairie; then passing through a wood until we came to brother Sidney Gilberts, where we camped on the bottom of Rush Creek, in a field belonging to brother Burket on the 25th.

This night the cholera came upon us, as we had been warned by the servant of God. About 12 o'clock at night we began to hear the cries of those who were seized with the cholera, and they fell before the destroyer. Even those on guard fell with their guns in their hands to the ground, and we had to exert ourselves considerably to attend to the sick, for they fell on every hand. Thus it continued till morning when the camp was separated into several small bands and were dispersed among the brethren.

I was left at the camp in company with three or four of my brethren in care of those who were sick. We staid with, and prayed for them, hoping they would recover, but all hope was lost, for about 6 o'clock p.m., John S. Carter expired, he being the first that died in the camp.

When the cholera first broke out in the camp, brother John S. Carter was the first who went forward to rebuke it, but himself was immediately seized by it, and as before stated, was the first who was slain. In about 30 minutes after his death, Seth Hitchcock followed him; and it appeared as though we must sink under the destroyer with them.

We were not able to obtain boards to make them coffins, but were under the necessity of rolling them up in their blankets, and burying them in that manner. So
we placed them on a sled, which was drawn by a horse about half a mile, where we buried them in a little bluff by the side of a small stream that emptied into Rush Creek. This was accomplished by dark, and returned back.

Our hopes were that no more would die, but while we were uniting in a covenant to pray once more with uplifted hands to God, we looked at our beloved brother, Elder Wilcox, and he was gasping his last. At this scene my feelings were beyond expression. Those only who witnessed it, can realize any thing of the nature of our sufferings, and I felt to weep and pray to the Lord, that he would spare my life that I might behold my dear family again. I felt to covenant with my brethren, and I felt in my heart never to commit another sin while I lived. We felt to sit and weep over our brethren, and so great was our sorrow that we could have washed them with our tears, to realize that they had travelled 1000 miles through so much fatigue to lay down their lives for our brethren; and who hath greater love than he who is willing to lay down his life for his brethren. This increased our love to them. About 12 o'clock at night we placed him on a small sled, which we drew to the place of interment, with one hand hold of the rope, and in the other we bore our firelocks for our defence. While one or two were digging the grave, the rest stood with their arms to defend them.

This was our situation, the enemies around us, and the destroyer in our midst. Soon after we returned back, another brother was taken away from our little band; thus it continued until five out of ten were taken away. It was truly affecting to see the love manifested among the brethren for each other, during this affliction [sic]; even brother Joseph, seeing the sufferings of his brethren, stepped forward to rebuke the destroyer, but was immediately seized with the disease himself; and I assisted him
a short distance from the place when it was with difficulty he could walk. All that kept our enemies from us was the fear of the destroyer which the Lord so sent among us.

After burying these five brethren, or about this time, I was seized by the hand of the destroyer, as I had gone in the woods to pray. I was instantly struck blind, and saw no way whereby I could free myself from the disease, only to exert myself by jumping and thrashing myself bout, until my sight returned to me, and my blood began to circulate in my veins. I started and ran some distance, and by this means, through the help of God, I was enabled to extricate myself from the grasp of death. This circumstance transpired in a piece of woods just behind brother Stanley Gilbert's house.

On the 26th, Algernon Sidney Gilbert, keeper of the Lord's Store House, signed a letter to the Governor, in connexion [sic] with others, which was his last public act, for he had been called to preach, and he said he would rather die than go forth and preach the gospel to the Gentiles. The Lord took him at his word; he was attacked with the cholera and died about the 29th.

Two other brethren died at brother Gilbert's house about this same time. One of these was a cousin to brother Joseph Smith, the Prophet. The names of those brethren who were with me to assist in taking care of the sick, are as follows: Joseph B. Noble, John D. Parker and Luke Johnson, also brother Ingleson, who died soon after we left.

While we were here, the brethren being in want of some refreshments, brother Luke Johnson went to brother Burk et to get a fowl, asking him for one to make a broth; but brother Burk et denied him of it; saying: in a few days we expect to return back into Jackson county,
from whence we were driven, and he should want them when he got there. When brother Johnson brought this report, judge how we felt, after having left the society of our beloved families, taking our lives in our hands, and traveling about one thousand miles through scenes of suffering and sorrow, for the benefit of our brethren, and after all to be denied of a small fowl to make a little soup. Such things as those never fail to bring their reward, and it would be well for the saints never to turn away a brother, who is penniless and in want, or a stranger, lest they may one day or other want a friend themselves.

I went to Liberty, to the house of brother Peter Whitmer, which place I reached with difficulty, being much afflicted myself with the disease that was among us. I stayed there until I started for home. I received great kindness from them and also from sister Vienna Jaques, who administered to my wants and also to my brethren—may the Lord reward them for their kindness.

While I was here a council was called at brother Lyman Wights, which I attended with the rest of the brethren. The church was organized; a presidency and high council chosen and organized and many were chosen from them to go to Kirtland to be endowed.

From that time the destroyer ceased, having afflicted us about four days. Sixty eight were taken with the disease, of which number fourteen died, the remainder recovered, as we found out an effectual remedy for this disease, which was, by dipping the person afflicted into cold water, or pouring it on him, which had the desired effect of stopping the purging, vomiting, and cramping. Some of the brethren, when they were seized with the disease and began to cramp and purge, the fever raging upon them, desired to be put into cold water and some stripped and plunged themselves into the stream and ob-
tained immediate relief. This led us to try the experiment on others, and in every case it proved highly beneficial and effectual, where it was taken in season.

On the 23d of June, Brother Joseph received a revelation, as before stated, saying that the Lord had accepted our offering, even as he accepted that of Abraham, therefore he had a great blessing laid up in store for us, and an endowment for all, and those who had families might return home, and those who had no families should tarry until the Lord said they should go.

I received an honorable discharge, in writing, from the hand of our General, Lyman Wight, to the effect that I had discharged my duty in my office and that I was at liberty to return home. Before we separated the money which had been put into the hands of our paymaster, and had not been used, was equally divided amongst the company, making one dollar and sixteen cents each. Some of these brethren had no money when we started from Kirtland, but they received an equal share with the rest.

During our stay in Missouri, Brother Joseph B. Noble was very sick for some time, and was taken care of by Elders Brigham, and Joseph Young, at the house of Joel Sandford, in Liberty, Clay county. It was with great exertion that his life was preserved, and that by the application of cold water being drawn out of the well, and poured upon him, daily and hourly. He was deaf, discharged a large amount of corrupt matter from the ears, and was almost blind—and in fact the most who were saved from the cholera, were saved by throwing cold water upon them, or plunging them in the stream, by which means the cramp and purging were stayed—the sufferers invariably besought us to plunge them in pools, and springs of cold water, while their thirst for the same was very great, while our fears were, it would be an injury to them;
yet by the blessing of heaven, it was the only means of saving them, that were saved from this destroyer, the cholera. Brother Nobles’ life was yet despaired of, but he was resolute, and nothing would satisfy him, but to return home. June 30, 1834, I started for home, in company with Lyman Sherman, Sylvester Smith, Alexander Badlam, Harrison Burgess, Luke Johnson and Zera Cole, with Brother Sylvester Smith’s team, as I had left mine in Missouri. About this time Brother Brigham Young started in company with about the same number that was with me, with James Foster’s team.

After proceeding about three miles, we stopped and made arrangements for travelling. They chose me to be their captain home, and all put their money into my hands, which amounted to forty dollars. From thence we proceeded until we came to Brother Thomas B. Marsh’s house; his wife gave us some dinner, and we proceeded on our journey. May the Lord bless her for it. This day we crossed a branch of the Fishing River, in a scow, and when we were pulling our waggon [sic] out of it, it was sinking. here an enemy came and swore he would shoot us. From thence we continued on to one Brother Ball’s, where we stayed all night; some slept on the floor, and some in the corn crib. The next morning we pursued our journey [sic], and after travelling about eight miles we came to the Missouri River, which we crossed in a scow, the current was so rapid that it carried us down one mile. After we had got over the river, and had travelled about two miles we came into the village of Lexington. Here we were threatened some by our enemies, but out of their hands the Lord delivered us. — From thence we proceeded daily, and receiving no harm, we travelled until we came within about half a mile of St. Charles. Here we pitched our tents by the side of the road and tarried all night.
The next morning we passed through the village which looked very gloomy as the cholera had nearly desolated the place. After travelling about eight miles, we came to Jack's Ferry on the Missouri, where we again crossed the stream. We then proceeded about five miles and stopped to take some refreshment. Here we were again accosted by one of our enemies, who swore he would kill us that night; we travelled about ten miles after sunset and camped in the woods. The Lord again delivered us from the grasp of our enemies. We proceeded on our journey daily, the Lord blessing us with health and strength. The weather was very hot, still we travelled from thirty-five to forty miles a day, until about the 26th of July, when we arrived in Kirtland; having been gone from home about three months, during which time, with the exception of four nights, I found my rest on the ground. We did not travel on the Sabbath during our journey back, but attended to breaking of bread &c. On my arrival at home, I found my family well, enjoying the blessings and comforts of life, and I felt to rejoice in the Lord that he had preserved my life, through many dangers, seen and unseen, and brought me to behold my family in peace and prosperity. After being at home two weeks and resting myself, I concluded I had finished my mission the Lord called me to, and I went to my old occupation. I established my business as a potter, and continued about three months until cold weather came on, when I was under the necessity of stopping for the time being, calculating on the opening of spring to commence business on a larger scale, thinking as did Peter of old, "I go a fishing." I had got an idea similar to that which the ancient apostles had when the Savior was taken from them, and they went a fishing, so I went to the mechanic's shop. At this time the brethren were laboring night and day building the house of the
Lord. Our women were engaged in spinning and knitting in order to clothe those who were laboring at the building, and the Lord only knows the scenes of poverty, tribulation, and distress which we passed through in order to accomplish this thing. My wife toiled all summer in lending her aid towards its accomplishment. She had a hundred pounds of wool, which, with the assistance of a girl, she spun in order to furnish clothing for those engaged in the building of the Temple, and although she had the privilege of keeping half the quantity of wool for herself, as a recompense for her labor, she did not reserve even so much as would make her a pair of stockings; but gave it for those who were laboring at the house of the Lord. She spun and wove and got the cloth dressed, and cut and made [it] up into garments, and gave them to those men who labored on the Temple; almost all the sisters in Kirtland labored in knitting, sewing, spinning, &c., for the purpose of forwarding the work of the Lord, while we went up to Missouri to endeavor to reinstate our brethren on their lands, from which they had been driven. Elder Rigdon when addressing the brethren upon the importance of building this house, spake to this effect, that we should use every effort to accomplish this building by the time appointed, and if we did, the Lord would accept it at our hands, and on it depends the salvation of the church and also of the world. — Looking at the sufferings and poverty of the church, he frequently used to go upon the walls of the building both by night and day and frequently wetting the walls with his tears, crying aloud to the Almighty to send means whereby we might accomplish the building. — After we returned from our journey to the west, the whole church united in this undertaking, and every man lent a helping hand. Those who had no teams went to work in the stone quarry and prepared the
stones for drawing to the house. President Joseph Smith jr. being our foreman in the quarry. The Presidency, High Priests, and Elders all alike assisting.—Those who had teams assisted in drawing the stone to the house. These all laboring one day in the week, brought as many stones to the house as supplied the masons through the whole week. We continued in this manner until the walls of the house were reared. The committee who were appointed by revelation to superintend the building of the house, were Hyrum Smith, Reynolds Cahoon, and Jared Carter.—These men used every exertion in their power to forward the work.

On the 22nd of December a Grammar school was opened in Kirtland, under the superintendence of Sidney Rigdon and William E. McLellin teachers,—and nearly all the elders and myself, and many of the sisters commenced going to school. Most of us continued about six weeks, when a meeting was called for the camp of Zion to be assembled, to receive what was called a Zion’s blessing. After being assembled, the Presidency having duly organized the meeting, told us there were twelve men to be chosen, to be called the twelve apostles or travelling high council. See Book of Covenants sec. 43 paragraphs 5 and 6 as follows: “And now behold there are others who are called to declare my gospel, both unto Gentile and unto Jew; yea even twelve; and the twelve shall be my disciples, and they shall take upon them my name; and the twelve are they who shall desire to take upon them my name with full purpose of heart, they are called to go into all the world, to preach my gospel unto every creature; and they are they who are ordained of me to baptize in my name, according to that which is written. And now I speak unto the Twelve; Behold my grace is sufficient for you: you must walk uprightly before me and sin
not. — And behold you are they who are ordained of me to ordain priests and teachers to declare my gospel according to the power of the Holy Ghost which is in you, and according to the callings and gifts of God unto men: and I Jesus Christ your Lord and your God have spoken it. These words are not of men nor of man but of me; wherefore you shall testify they are of me and not of man; for it is my voice which speaketh them unto you: and by my power you can read them one to another, and save it were by my power you could not have them: wherefore you can testify that you have heard my voice and know my words.

Sec. 6. And now behold I give unto you Oliver Cowdery and also unto David Whitmer, that you shall search out the Twelve who shall have the desires, and their works, you shall know them: and when you have found them, you shall shew these things unto them. And you shall fall down and worship the Father in my name: and you must preach unto the world saying, you must repent and be baptized in the name of Jesus Christ: for all men must repent and be baptized in the name of Jesus Christ: for all men must repent and be baptized, and not only men, but women, and children who have arrived to the years of accountability.” Also Book of Covenants sec. 3. par 12. “The Twelve are a travelling presiding high council, to officiate in the name of the Lord, under the direction of the Presidency of the church agreeably to the institutions of heaven, to build up the church, and regulate all the affairs of the same in all nations; first unto the Gentiles and secondly unto the Jews.” This was the day appointed for choosing. Accordingly the Presidents mentioned in the revelation above, proceeded to call forth those whom the Lord had manifested by his spirit to them, that they might make known their desires. It was far from my
expectation of being one of the number, as heretofore I had known nothing about it, not having had the privilege of seeing the revelations, as they were not printed. I will now mention their names as they were first chosen: Lyman Johnson, Brigham Young, Heber C. Kimball, David W. Patten, Luke Johnson, William E. McLellin, Orson Hyde, William Smith, John F. Boynton, Orson Pratt, Thomas B. Marsh, and Parley P. Pratt. After having expressed our feelings on this occasion, we were severally called into the Stand, and there received our ordinations, under the hands of Oliver Cowdery, David Whitmer, and Martin Harris: These brethren ordained us to the apostleship, and predicted many things which should come to pass, that we should have power to heal the sick, cast out devils, raise the dead, give sight to the blind, have power to remove mountains, and all things should be subject to us through the name of Jesus Christ, and angels should minister unto us, and many more things too numerous to mention. After we had been thus ordained by these brethren, the first presidency laid their hands on us, and confirmed these blessings and ordination, and likewise predicted many things which should come to pass. — After being chosen there being but nine of us present, we assembled from time to time as opportunity would permit, and received such instruction as the Lord would bestow upon us, and truly he blessed us with his spirit, and inspired his prophet to speak for our edification. One evening when we were assembled to receive instruction, the revelation contained in the third section of the Book of Doctrine and Covenants, on Priesthood was given to Brother Joseph as he was instructing us, and we praised the Lord. Sunday morning April 5, 1835. — The Twelve had not all as yet been together for the last three mentioned were not present at the time of choosing, and
as the time drew near that we should travel to the east, we appointed this day to bear our testimony unto our brethren and friends. We were all assembled together with the exception of Brother Orson Pratt who had not yet been with us.—At this time while we were praying, and wishing for his arrival, while opening the meeting he entered the house, we rejoiced at his presence, and thanked the Lord for it. He was then ordained, and we proceeded to speak according to our ages; the eldest speaking first. This day Brother Thomas B. Marsh, B. Young, D. W. Patten, and myself spake. Sunday 12. Brothers O. Hyde, Wm. E. McLellin, Luke Johnson, and P. P. Pratt spake. Sunday 19. Brothers Wm. Smith, O. Pratt, J. F. Boynton, and Lyman Johnson spake—closing the testimony of the Twelve to the people in Kirtland for the present. Sunday 26. We received our charge from President Joseph. May 3. We bid our brethren farewell, and on the morning of the 4th we started leaving Kirtland at 2 o'clock and proceeded to Fairport, where we arrived precisely at 6 o'clock. A boat was there as had been predicted by Brother Joseph on which we embarked for Dunkirk, where we arrived the same day at 4 o'clock in the afternoon, distance 150 miles. We staid over night at Mr. Pemberton's inn.
This journal is taken from the Times and Seasons (Nauvoo, Illinois), Vol. 2 (15 June 1841), 16: 443-44. The original of this extract appears to be lost. It refers to the Battle of Crooked River, Missouri, on 25 October 1838, which claimed the life of Apostle David W. Patten and others.

It will not be expected that I should recapitulate the circumstances which then transpired, which were of an extraordinary character, as numbers have written on the subject: suffice it to say, that the Saints suffered privations, hunger, abuse, cold, famine, and many of them death. Yes, the blood of the Saints has stained the soil of Missouri, for which the King of Kings and Lord of Hosts will recompense upon her, the punishment of her crimes.

From about the 6th of August, until the 1st of November, it was a continual scene of agitation, and alarm, both by night and by day. The enemies of righteousness
were determined to overthrow the Saints, and regardless of all law, (which was trampled upon with impunity,) they made every preparation, and used every means in their power to accomplish their unhallowed designs.

The Saints, tenacious of their liberties, and sacred rights, resisted these unlawful designs, and with courage worthy of them, they guarded their families and their homes, from the aggressions of the mob, but not without the loss of several lives, among whom was my much esteemed and much lamented friend, Elder David W. Patten who fell a sacrifice to the fell spirit of persecution, and a martyr to the cause of truth. The circumstances of his death I will briefly relate.

It being ascertained that a mob had collected on Crooked river in the county of Caldwell, a company of sixty or seventy persons immediately volunteered from Far West to watch their movements and repel their attacks, and chose Elder Patten for their commander, they commenced their march about midnight, and came up to the mob very early next morning, and as soon as the brethren approached near to them, they were fired upon, when Capt. Patten received a shot, which proved fatal; the mob after firing, ran away. Several others of the brethren were wounded at the same time, some of whom afterwards died.

Immediately on receiving intelligence that Brother Patten was wounded, I hastened to see him. When I arrived he appeared to be in great pain, but was glad to see me. He was conveyed about four miles, to the house of Brother Winchester. During his removal his sufferings were so excruciating, that he frequently desired us to lay him down that he might die. But being desirous to get him out of the reach of the mob, and among friends, we prevailed upon him to let us convey him there.
He lived about an hour after his arrival, and was perfectly sensible and collected until he breathed his last. — Although he had medical assistance, yet his wound was such, that there was no hope entertained of his recovery; this he was perfectly aware of. In this situation, while the shades of time were lowering, and eternity to his view, he bore a strong testimony to the truth of the work of the Lord, and the religion he had espoused.

The principles of the gospel which were so precious to him before, were honorably maintained in natures’ final hour, and afforded him that support and consolation at the time of his departure, which deprived death of its sting and its horror. Speaking of those who had fallen from their steadfastness, he exclaimed, “O that they were in my situation; for I feel I have kept the faith, I have finished my course, henceforth there is laid up for me a crown which the Lord, the righteous Judge shall give to me,” &c.

Speaking to his beloved partner, who was present and who attended him in his dying moments, he said, “whatever you do else, O, do not deny the faith!” He all the while expressed a great desire to depart. I spoke to him and said, “Brother David, when you get home I want you to remember me.” He immediately exclaimed “I will.” At this time his sight was gone. We felt so very much attached to our beloved Brother, that we beseached the Lord to spare his life and endeavored to exercise faith in the Lord for his recovery. Of this he was perfectly aware, and expressed a desire, that we should let him go, as his “desire was to be with Christ which was far better.” A few minutes before he died he prayed as follows: “Father I ask thee, in the name of Jesus Christ, that thou wouldst release my spirit and receive it unto thyself.” and then said to those who surrounded his dying bed, “Brethren,
you have held me by your faith, but do give me up and let me go I beseech you.” We then committed him to God, and he soon breathed his last, and slept in Jesus without a groan.

This was the end of one who was an honor to the church and a blessing to the Saints: and whose faith and virtues and diligence in the cause of truth will be long remembered by all who had the pleasure of his acquaintance, and his memory will be had in remembrance by the church of Christ from generation to generation.

It was indeed a painful circumstance to be deprived of the labors of this worthy servant of Christ, and cast a gloom upon the Saints: yet the glorious and sealing testimony which he bore of his acceptance with heaven, and the truth of the gospel, was a matter of joy and satisfaction not only to his immediate friends, but to the Saints at large.
